

Week 1 Pilot Readout

Brightwater Health Partners · St. Anne's 4 West and 5 East

4.3 hrs

discharge-to-departure (baseline 5.2)

19%

discharges before noon (baseline 14%)

4.5 hrs

nurse manager time chasing status per week (baseline 6.0)

Progress against success criteria

Criterion	Baseline	Target	Week 1	Trend
Discharge-to-departure time	5.2 hrs	< 3.5 hrs	4.3 hrs	On pace
Discharges before noon	14%	30%	19%	On pace
Nurse manager hours on status	6.0/wk	< 3.0/wk	4.5/wk	Ahead

What's working

- Charge nurses on 4 West are using the discharge board at morning huddle
- Pharmacy receives discharge medication requests automatically on order sign
- House supervisors can see pending discharges for both units in one view

Open issues

Issue	Owner	Plan
Transport handoff not yet live on 5 East	Marco Diaz / Nina Castro	Interface mapping fix scheduled; live before the week 2 readout
ADT feed latency averaging 4 minutes	Marco Diaz	Moving to real-time HL7 feed in the test environment
InfoSec risk assessment in review	Kevin Walsh / Ridgeline Security	Written responses and pen-test summary due Friday

Week 2 focus

- Turn on transport handoff for 5 East
- Add environmental services to the discharge milestones
- Close the InfoSec questions on data retention and Azure AD SSO
